

BioGuard® air/water & suction valve kits air/water cleaning adapter

Endoscopy

STERIS Endoscopy is proud to expand our portfolio of disposable infection prevention solutions and now joins the **BioGuard® air/water & suction valve kits** designed to support patient safety.

The single-use BioGuard air/water & suction valve kits eliminate the need for manual cleaning and reprocessing.

The BioGuard air/water & suction valve kits...

- are available in 6 unique kit configurations
- provide consistent performance – use a new kit for each procedure
- disposability supports adherence to industry guidelines which require traceability with a specific endoscope^{1,2}

¹ANSI/AAMI ST91: 2015 Flexible and semi-rigid endoscope processing in health care facilities. 20, 23, 25, 31, 32, 33.

²ESGE-ESGNA Position Statement: 2018 Reprocessing of flexible endoscopes and endoscopic accessories used in gastrointestinal endoscopy: Position Statement of the European Society of Gastrointestinal Endoscopy (ESGE) and European Society of Gastroenterology Nurses and Associates (ESGNA).
